IMS POLICY

Integrated Management System (IMS)

Colorminium are committed to providing bespoke fenestration solutions to meet the requirements of existing and prospective clients and ensure that all services & systems provided meet or exceed those required for Quality, Health & Safety and Environmental performance.

Colorminium therefore through the implementation of the IMS:

- Identifies Important Objectives & Targets via the management review and IMS review process, and thus aims to continually improve the services provided by the business and its control and management of QHSE responsibilities
- Will ensure that it identifies, assesses and reduces or eliminates throughout the business risks to Quality, H&S and Environmental aspects in the provision of suitable and planned controls
- Will seek to prevent injury, accident, protect the environment, prevent pollution, and minimise any detrimental impact from its provision of services to the market, and in any event, will not allow safety to be compromised by other considerations as relevant to the context of our organisation
- Maintains Registers of all relevant legislation and Regulations to ensure compliance with all applicable legal requirements (compliance obligations) in both H&S and Environmental matters and any other regulatory aspects or applicable requirements
- Provides a sustainable management process that encourages staff development through training, supervision, and initiatives to support the development of a strong safety culture
- Identifies controls for the direct and indirect environmental impacts of the business and ensures the ongoing provision of services
- Measure, monitor and review the performance and operation of the business to ensure the prevention of non-conforming product, satisfaction of client requirements and overall continual improvement of the IMS, business and its functions

The IMS uses compliance with the following Standards to achieve the above goals

- ISO 9001:2015 Quality Management
- ISO 14001:2015 Environmental Management
- ISO 45001:2018 Occupational Health & Safety Management
- Building Confidence Accreditation by Achilles

The Scope of the IMS Policy is:

'The provision of bespoke fenestration solutions in accordance with customer requirements'

Integrated Management System

The Managing Director Mr R L Price is ultimately responsible for the implementation of all aspects of the IMS and will ensure the availability of sufficient resources. The IMS and H&S Manager is responsible for day to day operation of the IMS and for its communication within the Colorminium Group and with its customers and suppliers.

Through the IMS consideration is made of all factors affecting our business and is in response to the need to provide an integrated solution to our clients. This policy is reviewed regularly and publicly available to interested parties via the Colorminium website.
